

Friday 15th January 2021

Dear Parent/Carer,

As you will know your child is entitled to Free School Meals and this week you were offered a food parcel in lieu of these meals.

We have been informed that a national Government voucher scheme is due to launch on Monday 18th January and we have made the decision to move to this system.

We will use the information you provided us with for the Christmas voucher system to register you for these vouchers, unless you contact us to let us know of any changes. Please ensure the email address you provide is your personal address and not one that people from outside your family group can access. We are not able to order the vouchers until Monday, so it may be the middle of next week before you receive the email to activate them.

Please email fsm@hollymountschool.org if you need to contact us regarding this matter.

Kind regards

Mrs A. Donnelly
Head of School
