What is my child learning? How can I help?

All children have access to age-appropriate educational websites. You will find their usernames and passwords for these in their reading diaries. If you have any problems, please speak to your child's class teacher. Three key sites are:

Oxford Owl

You will find links to appropriate sites on the school website, year group page. PLEASE help your child to use these regularly. They will make such a difference to their reading and maths fluency and help a child feel confident in their own abilities.
